

# General Relativity at 100: The Road to Relativity

# Albert Einstein Manuscripts

On View at the Einstein Papers Project, 363 S. Hill Ave., Caltech  
Wednesday, February 24, to Wednesday, March 9, 2016, 10am-4pm

In celebration of the 100th anniversary of the theory of general relativity, the Division of the Humanities and Social Sciences and the Einstein Papers Project at Caltech present an exhibition of Einstein manuscripts, calculations, letters, books, and photographs housed at the Albert Einstein Archives at the Hebrew University in Jerusalem. The exhibit will contain manuscript highlights from the years 1907 to 1916, during which Einstein formulated general relativity and exchanged letters with many other scientists in Europe and the U. S.
